

2008 Meltdown Revisited – There's No Solution

written by Edward Maas | July 16, 2014

Greg Hunter of USAWatchdog.com interviews Egon von Greyerz

July 15 – 2014 (20 minutes)

Egon von Greyerz: I just had the pleasure of being interviewed by Greg Hunter of USA Watchdog during my holiday in the beautiful archipelago of Stockholm. Amongst other things we discuss the demise of the dollar which of course is timely with the announcement today of a BRICS Contingent Reserve Arrangement. Bail-ins will be the norm as the banking system fights for survival and 2008 will seem like a gentle rehearsal in relation to the calamities that we will see in financial markets as well as geopolitically starting this coming autumn.
