

Biggest Bubble in History

written by GoldSwitzerland | October 21, 2015

The Keiser Report, Oct 21, 2015, with Egon von Greyerz

In this 11 minute interview Max Keiser talks to Egon von Greyerz of GoldSwitzerland.com about the biggest bubble in world history. They also discuss the failed central bank policy as well as exponentially rising debt and stagnant GDP and \$0.5 billion apartments and paintings. Egon also shows potential future money in the form of 1 gram Goldseeds.
