

Current Global Financial System Will Cease To Exist

written by Edward Maas | February 13, 2015

King World News weekly – Feb 12, 2015

Egon von Greyerz: “Eric, the Greek situation is key because the consequences of the outcome in Greece will have a major impact on the world. It’s interesting to note that Greece has been in default or rescheduling its debts for 50 out of the last 200 years. The Greek Finance Minister, Varafoukis, is playing a very clever game.....”

About:

- Greek default
- Europe’s repercussions
- The Great Depression
- Bankrupt Fed
