

# Hyperinflation is a currency event

written by Edward Maas | March 3, 2015

**King World News weekly – March 1, 2015**

**Egon von Greyerz:** “Eric, it’s now totally clear to me that the hyperinflation I’ve been expecting is becoming more persistent and is now engulfing country after country. We are already seeing it in the periphery but it’s on its way to engulfing the developed countries of the world..

## **About:**

- The antidote for hyperinflation is gold
- Don’t just look at the USofA
- Inflation coming to USA and Europe?
- Capital & Exchange controls
- What Chris Powell did not mention
