

MAX KEISER INTERVIEWS EGON VON GREYERZ – PART 1 (13MINS)

written by Egon von Greyerz | December 5, 2018

In this interview, Max and Egon discuss several hot topics that will have major influence on the world economy in coming years, like:

- The Swiss National Bank, the biggest hedge fund in the world as well as the biggest currency speculator and money printer
- How Western Central Banks are continuously lending or covertly selling gold that they will never get back from the Eastern buyers
- That Central Banks in the West will guarantee the rise of the gold price by their irresponsible policies of currency debasement
