

Monopoly Play at Financial Frontiers

written by Edward Maas | May 1, 2015

King World News weekly – April 30, 2015

Egon von Greyerz: “For anyone holding funds within the financial system the risk is increasing exponentially. The danger is now so great that the likelihood of getting money back from the banking system is very low. Yes, if you are lucky you might get back Monopoly money...”

In this interview:

- Cybercrime
- Governments zooming in on citizens
- No more Banking secrecy
- QE destroys cash
