

Silver to surge 433% from current levels

written by Edward Maas | September 14, 2012

Sept 9, 2012

Egon von Greyerz in today's interview: "Gold is now up 13% this year after having been up 19% compound annual growth in the last ten years. Gold is going up every year, paper money has been going down, and that will continue because of the amount of money printed."
