The War On Cash Is Real!

Gordon T Long interview with Egon von Greyerz

In this interview with Gordon T Long of the Financial Repression Authority, Egon von Greyerz explains the critical importance of wealth preservation and why Gold is and always will be the optimum means of maintaining purchasing power, insuring your wealth and holding liquidity.

Egon and Gordon's discussion also includes:

- Holding Gold for insurance purposes, rising Gold demand and massive supply shortages in future
- Thoughts on a cashless society and bail ins: why we are losing control of our money
- ZIRP, NIRP: governments run out of tools to stimulate the economy
- Safe haven? Switzerland the land of gold tradition, unique political system and best jurisdiction
- Primary elections in the United States and the effects on the world economy
