

# The World is at make or break point

written by Egon von Greyerz | February 2, 2014

## World financial system & economy at a dangerous breaking point

In this exclusive article for KWN I discuss how the dollar has fallen 80% against the Swiss Franc during my working life and that the dollar has at least another 50% to fall in the next few years.

So, is the Swiss Franc almost as good as gold?
