

There will be massive wealth destruction

written by Edward Maas | April 9, 2014

KWN weekly with EvG – April 5, 2014

In his latest audio interview with KWN, Egon discusses how the unprecedented wealth that has been created in the last few decades will be totally destroyed. All assets that have been fuelled by the credit bubbles, stocks, bonds and property will all soon start a secular bear market that will last for a very long time.
